

TURANTO RELEASE DOCUMENT

Turanto – April 10, 2020 Release 13.7.8

April 10, 2020 Release

Overview

- This new release includes some new features, enhancements and bug fixes.

Release Details

Enhancements (Turanto)

NA

Bug fixes (Generated Application)

Last Release Date: March 27, 2020 (13.7.7)

- Email Feature - UI Issue, page footer appears and stops scrolling on the page
- Application Submission Date is not filled out when Submit is activated by student (property is read-only for student)
- When editing a Derived Property, it shows the wrong information for 'Derive from'
- Action at right top allows to add a School to the Application while BR sets it to read-only
- BR 60 - properties are not hidden on grid
- UI Group is Hidden but I do not understand why
- Image Gallery in 'View' mode pictures look stretched and distorted
- Change Spelling of Restrict Dropdown action Ingrid for business rule list page & action grid in view page
- When making a derived field editable, they are showing up as blank text boxes \$ sign missing
- Calculation $\$C = \$A - \$B$ shows no value when the B is \$0
- User defined home page - design page element sizes shrink
- Derived Read-only, no reference does not give the value
