

TURANTO RELEASE DOCUMENT

Turanto – Aug 07, 2020 Release 13.9.1

Aug 07, 2020 Release

Overview

- This new release includes some new features, enhancements and bug fixes.

Release Details

Enhancements (Turanto)

- On login page of Turanto, display maintenance window of Turanto

Bug fixes (Generated Application)

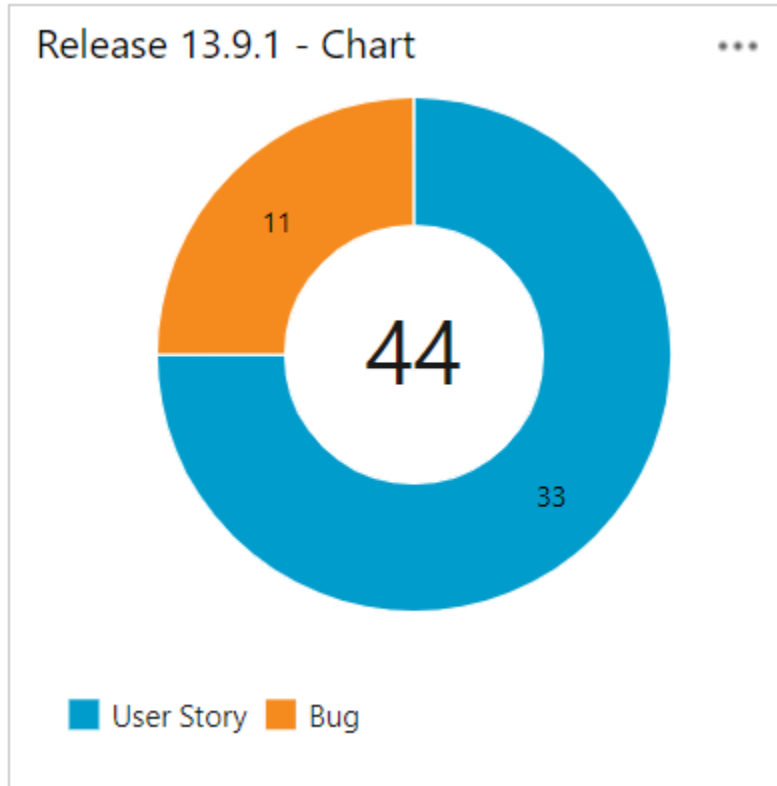

- Cannot scroll to end in main menu when not on home page
- Faceted Search - On edit of saved query, previous selections not remembered when clicked on dropdown
- Still getting deleted default entity page back after launch
- Faceted Search uses UTC time to compare?
- Word 'Filters' on Quick Associate not centered
- Search icon on home page - not able to click value in the dropdown
- Document Template issue - complete para goes missing in generated document
- FLS active but dropdown on grid still working (although change not saved)
- Text box goes over Add at bottom of records
- Faceted Search multi-select not behaving predictably
- Tenant security page doesn't get refreshed after removing Tenant security - need to manually refresh the page

Last Release Date: July 27, 2020 (13.8.9)
